2025

COMPANY PROFILE

WELCOME TO WICKED TRIBE

Wicked Tribe as a company and it's members have been **breathing & living IT** since the early nineties, predating many things that are taken for granted today and having a chance to really rotate and experience **different roles** and positions, acquire a **unique skill set** , develop management capabilities and the ability to deliver results.

All this across four continents, a dozen countries and numerous clients over the years.

experience us in different roles and positions, acquire a unique skill set with us , use our management capabilities and the ability to deliver results.

GOALS AND MISSION
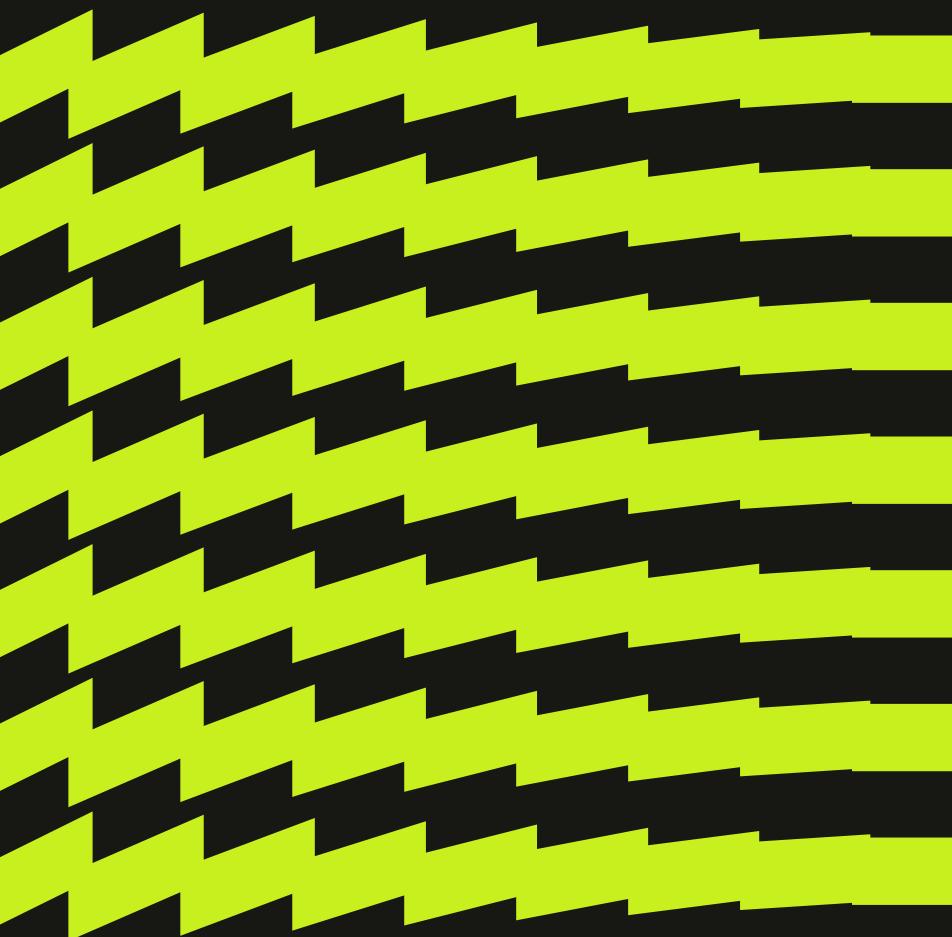

GOALS

Aims for a win-win scenario with a long lasting business relationship perspective. Being able to think outside the box but stay within budget. Agile, unconventional, unbureaucratic, discreet. Experienced, efficient & focused.

A believer in Digital karma.

MISSION

Transparent regardless the pain that comes with it.
Able to build up and/or guide internal IT teams.
Works well with others but can lead when needed.
Technically motived yet able to explain complex setups in a simple, non condescending way.
